

## Light compaction -Reversible Plate Compactor CRENA

### Characteristics

Reversible plate compactor.  
 High resistance to abrasive materials.  
 High productivity in cohesive and non cohesive grounds.  
 Lance of conduction of easy operation and manoeuvre.  
 Excellent manoeuvrability and low level of noise.  
 System of dead man.

MODEL	Dimensions WidthxLength mm	Weight Kg	Frequency r.p.m.	Centrifugal Force Kp	Speed m/min.	Engine
CRENA 26 GH	450 x 770	160	5.700	2.600	0-20	HONDA GX200 5,5 hp
